EnviroCentre to Carry Sansin's Line of Durable, High-Performing, Eco-Friendly Wood Finishes

Ottawa and Strathroy, Ontario, Canada – May 11, 2015 – The Sansin Corporation today announced that EnviroCentre in Ottawa, ON., will carry its full line of Enviro Stain wood finishes for interior and exterior surfaces. EnviroCentre is located at 366 Rideau Street, Ottawa, Ontario.

“EnviroCentre is pleased to have been selected by the Sansin Corporation to represent the Sansin family of products in Ottawa” says Mark Girvan, the Coordinator of Storefront Services for EnviroCentre. “Exceptional performance is important to us and Sansin products allow clients to save both time and money from their first application of Sansin, through to the maintenance.”

“Mark and the staff at EnviroCentre have worked with Sansin products in the past and bring knowledge, experience and enthusiasm for the entire Sansin line” says Sjoerd Bos, Vice President of the Sansin Corporation. Providing less toxic and ecologically responsible products is important to Sansin and EnviroCentre so we are pleased to welcome them as a new Sansin dealer.”

About Sansin

For over 25 years, Sansin has been the only wood protection company focused exclusively on researching, developing, and introducing environmentally-friendly, ‘water-borne’ interior and exterior wood products and technologies that deliver outstanding color, durability and performance without the toxicity found in conventional stains. Sansin Enviro Stains use water, not oil, to deeply penetrate and protect wood naturally, from within. Headquartered in Ontario, Canada, Sansin has dealer locations across Canada, the U.S and parts of Europe.
