**Spokane's Miller Paint Store Offers Sansin's Enviro-Friendly,
Long-Lasting Wood Stains**

*-Public invited to grand opening featuring Sansin's eco-friendly, water-based
stains at Miller Paint on Aug. 23 at 4 p.m.-*

STRATHROY, Ontario; SPOKANE, Wash. – Aug. 21, 2012 – [The Sansin Corporation](#) today announced that the Miller Paint Co. store in Spokane, Wash., will carry the full line of Sansin exterior stains for siding, decks and log homes, as well as Sansin's Purity® interior stains and the Eco-Tone™ color system.

On Aug. 23 at 4 p.m., Miller Paint Co. will hold a grand opening event to introduce employees and customers to Sansin's environmentally friendly wood finish. A Sansin representative will demonstrate the products and answer questions. The store is located at 2501 E 29th St., Suite A,

Store manager Jeff Hyndman says Spokane's extreme four-season climate means homeowners are looking for a product that offers durable, long-lasting protection. "Our customers are most concerned about the quality of a stain product – they are tired of having to reapply stain over and over," says Hyndman. "Sansin's water-borne formula means it is easy to apply and clean up, which saves time in the long run. Plus, homeowners know it's safe to use around their families since it doesn't have the harsh chemicals found in most stains."

According to Sansin's Vice President Sjoerd Bos, Sansin's stains are particularly suited to the harsh weather conditions in Spokane. "Our stains sink deep into the grain to act as a protective conditioner for the wood," says Bos. "Sansin appeals to customers on so many levels because it provides extreme protection in an eco-conscious way. We are proud to offer our products at yet another Miller Paint location."

This is the fourth Miller Paint store in the Pacific Northwest to carry Sansin's line of low-VOC stains. To learn more about Sansin products visit www.sansin.com.

About Miller Paint Co., Inc.

Miller Paint is a 100% employee-owned company that has been manufacturing and selling the highest quality paint and coatings products in the Northwest for more than 120 years. Headquartered in Portland, Ore., Miller Paint is a well-established and respected manufacturing-retailer of paint and related products offering unique, high-quality products to both retail consumers and professional painting contractors through 49 Miller Paint stores located throughout Oregon, Washington and Northern Idaho. Miller Paint was originally established by Ernest Miller, Sr. in 1890.

About Sansin

For 25 years, Sansin has been the only wood protection company focused exclusively on researching, developing, and introducing environmentally-friendly, 'water-borne' interior and exterior wood products and technologies that deliver outstanding color, durability and performance without the toxicity found in conventional stains. Sansin Enviro Stains use water, not oil, to deeply penetrate and protect wood naturally, from within.

Headquartered in Ontario, Canada, Sansin has dealer locations across Canada and in the U.S. To learn more about The Sansin Corporation, its line of Enviro Stains or how to become a Sansin preferred dealer, visit www.sansin.com.
