WoodForce™

BEAUTIFULLY WEATHERED | **PERFECTLY PROTECTED**

SANSIN®

Three Options, Unlimited Possibilities.

WoodForce is an innovative wood protection system that creates a beautiful naturally-weathered look for exterior wood, while delivering exceptional water repellence and protection against UV, moisture and blackening.

In the past, allowing wood to weather naturally also meant exposing it to UV and moisture damage. That is no longer the case. The WoodForce system offers not just industry-leading exterior wood protection, but also a whole range of natural colors and beautiful vintage effects. Let your creativity flow wherever your imagination takes you!

Easy to maintain, WoodForce will keep your wood looking beautiful for years to come.

- Protects wood while allowing it to weather naturally
- Create a full range of weathered looks, colors and effects
- Environmentally friendly
- VOC Compliant
- Red List/CARB Compliant
- Penetrates the substrate
- Water repellent
- Breathable
- Soap and water clean up
- Exceptionally easy to maintain

WoodForce **Clear**

This versatile wood treatment protects against water and UV damage, while allowing wood to weather naturally. Easy to apply and maintain.

WoodForce **Accel**

Accel is designed to be used in conjunction with WoodForce Clear and speeds up the effects of natural weathering while protecting your wood.
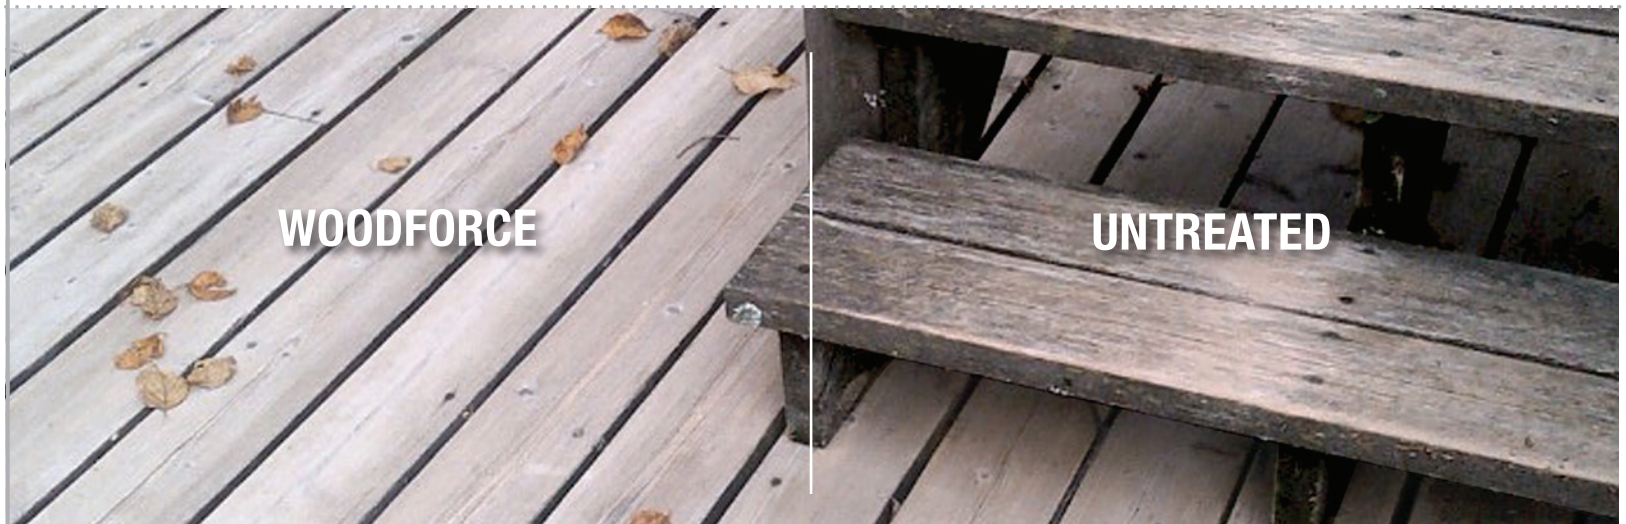

WoodForce **Vintage Color System**

Can be tinted to create an unlimited range of natural style colors that can be allowed to weather naturally and achieve custom vintage effects.

Getting the perfect weathered look has never been easier.

EFFECT	Clear	Accelerated	Vintage Color System
OVERVIEW	Develops natural weathered wood look	Speeds up natural weathered wood look	Create a vintage, weathered wood effect with your choice of color and technique
COAT #1	WoodForce Clear	WoodForce Accel	WoodForce Clear, tinted to color of choice
